SUMMARY

Passionate full stack web developer leveraging sales background to build genuine and memorable user experiences on the web. Received certificate in full stack development from the University of Utah, with skills in React, JavaScript, CSS, Node.js, RESTful APIs and responsive web design. Known as a knowledge-resource and innovative team programmer eager to develop apps, with a focus on mobile-first design and development. Worked on an agile team of three to develop an original full stack browser game. Excited to utilize my skills as part of a fast paced, quality-driven team to build better experiences on the web.
